HOURS

17 HOURS IN TOTAL  
(Some learning  
online before the event)

## Speaker Bio

Ash qualified from Cardiff University in 2012 with Honours. He then went on to complete Senior House officer roles in Oral Surgery and Restorative Dentistry at Guys' Hospital, London.

He has also completed numerous postgraduate courses focusing on Aesthetic and Restorative dentistry. He has won numerous Aesthetic Dentistry awards and has gone on to publish many articles and lectured nationally and internationally in this field. He is a Key opinion leader for many companies within the dental industry and has been invited to become a VOCO fellow helping to create innovations in new generation dental products.

In 2018, he won Best Young Dentist South West. More recently in 2023, Best Young Aesthetic Dentist and has since been invited to Judge at the Private Dentistry Awards. He is a passionate educator. He is involved in training dentists in his field of special interest with his popular Magic of Dentistry hands-on workshops. His unique delivery of highly engaging workshops with a magical twist have enhanced the delivery of CPD.

## Course overview

This two-day course is designed to provide delegates with a comprehensive overview of contemporary techniques in anterior photography, smile design, isolation and restoration of anterior teeth. Teaching will be carried out with a combination of theory and hands-on exercises with a magical twist!

## Learning aims and objectives

- Basic anterior and posterior photography and Smile Design
- Rubberdam isolation techniques for various anterior and posterior clinical scenarios
- Which Matrix system should I use?
- Gold standard bonding protocols and shade matching for the anterior
- Techniques for restoring posterior teeth – Bulk fill and layering
- Techniques for restoring anterior teeth -Direct Composite Veneer, Edge bonding, Injection moulding, Diastema closure and management of black triangles
- Techniques for restoring anterior teeth - Simplified single layer, Multi-layer techniques and Creating effects
- Finishing and polishing anterior and posterior restorations and Management of treatment failures
- Techniques for fabricating a fibre reinforced resin bonded bridge

Course Fee: €950

# The Magic of Composites

Speaker: Dr Ash Soneji

Friday 12th & Saturday 13th July, Dublin  
9am - 5pm

Venue: Clayton Hotel Leopardstown, Central Park,  
Sandyford Business Park, District, Co. Dublin, D18 K2P1

## AGENDA

Arrival at 8.30am and registration at 8:45am on each day.  
Teaching from 9am - 5pm

**VOCO**  
THE DENTALISTS

### POSTERIOR

Clinical scenario-based teaching with Video demonstrations  
Ash's clinical tips and tricks

#### Hands-On- Exercises

- Simplified Quadrant Isolation
- Management of a class 2 using sectional matrix techniques
- Management of a whole quadrant using various matrices/techniques and the decision making into which one to use.
- Back to back cavities
- Deep marginal Elevation
- Last tooth in the arch - isolation, matrix selection and restoration techniques

### ANTERIOR

Clinical scenario-based teaching with Video demonstrations  
Ash's clinical tips and tricks

#### Hands-On-Exercises

- Simplified Anterior Isolation and Split dam
- Carrying out a Direct composite veneer and finishing and polishing protocols
- Management of the Class 4 with material/matrix selection and modifying a putty index to achieve predictable aesthetics
- Management of the peg lateral incisor using a semi-direct and injection moulding approach
- Immediate resin bonded bridge exercise

Lunch, coffee breaks and dinner provided.
